PROFICIENCY TEST REQUIREMENTS FOR NEVADA EDUCATIONAL LICENSE APPLICANTS (Effective 2/15/2002 amended 7/18/2003)

Nevada requires that all licensed educational personnel meet proficiency testing requirements. The table below provides a listing of states for which specific proficiency testing requirements for educational licensure can be satisfied if the following is met:

- 1) A valid out-of-state license is held by the applicant at the time of application for a Nevada license and a true copy (**front and back of license**) is provided to the Nevada Department of Education. If the out-of-state license is a temporary permit, emergency, alternative, conditional, provisional, restrictive, pre-intern, etc., type of license or credential, you will need to provide the Department with evidence that you have passed the issuing state's teacher proficiency testing requirement; **and**
- 2) Verification is provided on the form prescribed by the Department (**Attachment A**) of one year of experience in teaching, administering or providing other educational services on a full time basis, under contract, at any grade level in pre-kindergarten through grade 12 in a state other than Nevada.

For each of the three proficiency tests required by Nevada that can be satisfied by meeting 1) and 2) above the word "Accepted" will appear in the appropriate column for each state to which it applies. This will be granted only for the tests identified that apply to the valid out-of-state license provided by the applicant. If the box is left blank, the testing requirement is not met. This list is not intended to be used for any other purpose other than to identify states for which the Department of Education will accept out of state testing scores to satisfy Nevada educational testing requirements.
